## Membership Increase Proposal

Listed below are the recommended rate increases for just the Institutional Members beginning January 1, 2021:

|                                    |          |
|------------------------------------|----------|
| Institutional print only           | \$75.00  |
| Institutional electronic only      | \$90.00  |
| Institutional print and electronic | \$105.00 |

-UIPress is currently charging the same price for print only, electronic only \$85.00, and print and electronic \$100.00

-UIPress has been charging the first set of figures for a while now and we need to bring our subscription prices up to date with theirs, plus the increase, which will be as follows:

|                                    |   |
|------------------------------------|---|
| Institutional print only           | \$75.00 (no change, most of the smaller libraries are print only) |
| Institutional electronic only      | \$90.00   |
| Institutional print and electronic | \$105.00  |

The above increases were recommended by UIPress after evaluating the types of institutional members we have.

In order to do this, a motion to raise the Institutional memberships needs to be presented at the February 22<sup>nd</sup> board meeting. This will give UIPress time to contact all their subscription agencies which they do in April of every year.
