Treasurer's Report

The society's financial position as of Jan. 31 shows total assets of \$2,835,359.

Most of that — \$1.8 million — is in restricted funds, such as our endowment and scholarship funds and funds and also the \$432,000 in funds raised for the Vietnam Memorial in Springfield that the society manages.

Drawdowns on the restricted funds is what is keep the society functioning. That said, raising the membership fees — which is on the agenda for consideration — and the outcome of the Gala being planned for the annual meeting — will improve our finances.
